

Hot Lady

She's a hot lady, she's a hot lady, she's a hot lady
and i'm hot too

Sweat's just pourin' off a my face
salty water drippin' all over the place
perspiration is in the air
tell you somethin' baby don't really care, I don't care

She's a hot lady, she's a hot lady, she's a hot lady
and i'm hot too

Sweat's just pourin' off a my brow
salty water drippin' yeah you know how
perspiration is in my hair
tell you somethin' baby don't really care, I don't care

She's a hot lady, she's a hot lady, she's a hot lady
And I'm hot too

Sweat's just pourin' off a my chin
salty water drippin' it ain't no sin
perspiration is everywhere
tell you somethin' baby don't really care, I don't care
